PROF. DR. MD. MORSHED HOSSAIN

Email: drmorshed@brur.ac.bd | Cell: +88 01720261141 |

Address: Department of Economics, Begum Rokeya University, Rangpur,

Rangpur-5400, Bangladesh.

PROFESSIONAL SUMMARY

Bringing deep expertise in education sector evaluations—including early grade learning assessments, teacher training effectiveness, education policy and system strengthening, and scholarship program impact—to inform evidence-based programming and policy dialogue**.** Accomplished, Monitoring, Evaluation, Research, and Learning (MERL) professional with over 33 years of experience in designing, managing, and leading evaluations across poverty, migration, health and nutrition, WASH, livelihoods, inclusive market systems development, women's economic empowerment, social norms, climate change, peacebuilding, disaster management, humanitarian response, and emergency programming. Skilled in leading baseline, midline, and endline evaluations, impact assessments, feasibility studies, action research, market assessments, Post Distribution Monitoring (PDM), KAP assessments, annual outcome monitoring, and strategic research for diverse international and national development organizations.

These professional blends methodological rigor with practical, client-focused consultancy delivery. Expertise spans mixed-methods design, sampling, indicator development, questionnaire design, data quality assurance, field team management, qualitative and quantitative analysis, stakeholder consultation, capacity building, and evidence-based reporting. Past assignments have involved partnerships with or services for the World Bank, Ministry of Education, UGC Bangladesh, and Save the Children**.**

CORE COMPETENCIES AND QUALIFICATIONS

- Evaluation leadership: led and supported baseline, midline, endline, impact assessment, feasibility, market assessment, emergency assessment, and PDM assignments.
- MERL systems: developed M&E frameworks, results tracking systems, digital M&E systems, feedback mechanisms, annual outcome monitoring, KAP assessments, and donor reporting processes.
- Technical sectors: health, nutrition, WASH, education, child wellbeing, social and behavior change, violence against children, child marriage, livelihoods, iMSD, WEE, market systems, CSA, food security, climate resilience, Rohingya refugee response, COVID-19 response, and disaster management.
- Methods and tools: mixed-method evaluation design, questionnaire and tool development, sampling, large-scale household survey management, qualitative inquiry, participatory methods, triangulation, data quality assurance, and actionable reporting.
- Software: SPSS, MS Excel, MS Word, MaxQDA, NVivo, ATLAS.ti, FANTA tools, and anthropometric tools.
- Capacity building: training module development, training facilitation, enumerator training, master training, and capacity building of project staff, partners, and field teams.
- Data quality and accountability: establishment of feedback systems, data quality assurance processes, beneficiary tracking and continuous learning mechanisms for adaptive programming.

- Project design and proposal support: experience in project proposal development, project design, M&E framework development, indicator tracking, donor reporting and knowledge management.
- Disaster, environment and climate resilience: applied M&E experience in disaster and environment programming, emergency assessments, climate-displaced communities and humanitarian accountability.
- Labor, social protection and institutional research: experience in labor studies, policy-oriented research, stakeholder consultation, documentation and evidence synthesis.
